

## Cody's Secret Admirer

A Valentine from a secret admirer. What could be worse? February is going fine for third-grader Cody Michaels -- until one day when he comes home from school to find a valentine addressed to him, and signed by a secret admirer! Yikes. Who can it be? And what does it mean? A third grader isn't ready for a girlfriend, at least not Cody. In Betsy Duffey's third book featuring Cody Michaels, Valentine's Day just keeps getting worse. As if a secret admirer isn't bad enough, soon Cody begins getting the idea that his parents are fixing to put him into an arranged marriage! With realistic paintings in black and white by Ellen Thompson and Betsy Duffey's perfectly-timed sense of humor, *Cody's Secret Admirer* is the ideal antidote to give any third grader in a rush to grow up.
