

# Kings, Tribes & Prophets - The Cast of the Old Testament (Search for Truth Series)

This book is an omnibus edition of the Search for Truth Series containing the following three previously published books, which are also available for Kindle separately. Brian Johnston (missionary, Bible teacher and radio broadcaster) brings a series of figures from ancient history to life in his trademark and down-to-earth and conversational style. A series of anecdotes and illustrations bring home a number of important life-lessons that are relevant to the life of every Christian. - A Legacy of Kings: Israel's Chequered History Apart from the most famous kings, such as David and Solomon, many of the rest of the kings of the Old Testament have faded into obscurity - the life-lessons that can be applied to the lives of Christians are often over-looked as a result. This book rectifies this by bringing twelve of these kings back into the spotlight. You'll encounter good kings, bad kings, good kings that went bad and bad kings that came good! All of them, though, have something important to teach and challenge us as we look to serve the great and faultless King Himself - Jesus Christ. If Jotham, Rehoboam, Hezekiah, Manasseh and the rest have become strangers to you - why not get reacquainted? - Tribes & Tribulations Naphtali, Manasseh, Gad, Asher... Of course, these are four of the tribes of Israel - you probably recognize their names but little more than that. Is there anything else to know about them? This book answers that question with a resounding yes! In this e-booklet, Brian points out that each of the original brothers had their own distinct characteristics and that, as prophesied, these traits would be replicated in their descendants. He also pinpoints a challenge for the reader from each tribe regarding their own character and relationship with God. - Minor Prophets: Major Issues The so-called Minor Prophets of the Old Testament, such as Nahum, Micah and Malachi, are often overlooked because of

their brevity and also because they might seem irrelevant to Christians of today. Brian Johnston shows how inaccurate this perception is by pointing out that each prophet not only had vital things to say to the peoples of that era, but they also raise very major issues that are absolutely relevant to believers today. Such issues include: injustice, suffering, unfaithfulness, abandonment, corruption, compassion, arrogance and wrong priorities. This e-booklet is designed to unlock this important part of the Bible and challenge your own experience as a disciple of Jesus Christ.

Elijah or latinized form Elias (/??la??s/ ih-LY-?s Greek: ?????, Elias Syriac: ??????? , Elyae Arabic: ????? or ????, Ilyas or Ilya) was, according to the Books of Kings in the Hebrew Bible, a prophet and a miracle .
