

## Snog the Frog

Here's an amusing new twist on the well-known fairy tale situation in which a frog becomes a handsome prince when he is kissed by a beautiful princess. Can Snog the Frog also be transformed by a kiss? Today is his birthday, and he plans to celebrate the day by finding out. Who will give him a kiss? First he asks Cow, then Sheep, but both refuse to kiss a frog. Not even Snake or Pig are willing to kiss poor Snog the Frog. At last he meets a pretty little princess, and makes his request to her. This princess has read up on her fairy tales, which is to say that she might be willing to give this little frog his much-needed kiss. The outcome of this cheerful tale will bring a smile to the face of every little boy and girl who has it read aloud to them. Full-color illustrations on every page.
