

## Field Athletics (World of Sport)

This illustrated work in the World of sport series deals with all aspects of field events, including the origins and development of the game, its present-day stars, venues and competitions. It encourages participation at all levels, giving advice on the skills needed for each event, with supporting illustrations to demonstrate techniques. The series offers useful coaching and training tips with recommendations on the correct clothing and equipment for use. The illustrated text is accompanied by a glossary, a list of further reading and some useful addresses. The author is a Sports Correspondent for The Sunday Times and writes regularly for Ms magazine in the United States. Her book *Grace under pressure: the emergence of women in sport* was published in Britain in 1987.
