

The Ninja Librarians: The Accidental Keyhand

Just a little story about your average sword-swinging, karate-chopping, crime-fighting ninja librarians. [Downey] shows a rare gift for crafting scrambles so madcap that its hard to turn the pages fast enough to keep up. -Kirkus Starred Review
An Overdue Library Book Can Change Your Life. (So Can a Pet Mongoose.)
When Dorrie and her brother Marcus chase Moe-an unusually foul-tempered mongoose-into the janitors closet of their local library, they make an astonishing discovery: the headquarters of a secret society of ninja librarians. Their mission: protect those whose words get them into trouble, anywhere in the world and at any time in history. Petrarchs Library is an amazing, jumbled, time-traveling secret base that can dock anywhere theres trouble, like the Spanish Inquisition, or ancient Greece, or...Passaic, New Jersey. Dorrie would love nothing more than to join the society, fighting injustice with a real sword! But when a traitor surfaces, she and Marcus are prime suspects. Can they clear their names before the only passage back to the twenty-first century closes forever?
